A Loss for Words Lou Ann Walker 2011-10-04 "A deeply moving, often humorous, and beautiful account of what it means to be the hearing child of profoundly deaf parents . . . I have rarely read anything on the subject more powerful or poignant than this extraordinary personal account by Lou Ann Walker." — Oliver Sacks From the time she was a toddler, Lou Ann Walker acted as the ears and voice for her parents, who had lost their hearing at a young age. As soon as she was old enough to speak, her childhood ended, and she immediately assumed the responsibility of interpreter—translating doctors' appointments and managing her parents' business transactions. Their family life was warm and loving, but outside the home, they faced a world that misunderstood and often rejected them. In this deeply moving memoir, Walker offers us a glimpse of a different world, bringing with it a broader reflection on how parents grow alongside their children and how children learn to navigate the world through the eyes of their parents.

A decade later, after they have fallen deeply in love, Zhila learns that she is suffering from an aggressive form of cancer. In the months that follow, Mickey becomes Zhila's primary caretaker, and the two grow ever closer as they fight the disease together. A Little Bit Wicked Kristin Chenoweth 2009-04-14 "Life's too short. I'm not." You might know her as a Tony Award-winning Broadway star, who originated the role of Galinda the Good Witch in the smash musical Wicked and won a Tony for 1999's You're a Good Man, Charlie Brown. Or you may recognize her from her starring roles on TV -- The West Wing, Pushing Daisies, Sesame Street...oh, and her Huge Hit Sitcom Kristin on NBC. (Huge hit. L.A. breast-implant huge. Ask either of the people who watched it.) Or maybe you saw her sexy spread in FHM magazine? Or her appearance on Pat Robertson's The 700 Club? Kristin is a wonderful collection of contradictions -- but everyone who's ever met her remembers her as the little girl with the big voice. At four foot eleven, Kristin Chenoweth is an immense talent in a petite but powerful package. In this lively, laugh-out-loud book, Kristin shares her journey from Oklahoma beauty queen to Broadway leading lady, reflecting on how faith and family have kept her grounded in the dysfunctional rodeo of show biz. The daughter of an engineer and a nurse, Kristin was singing in front of thousands at Baptist conventions by age twelve and winning beauty pageants by age twenty-two. (Well, actually she was second runner-up almost every freaking time. But, hey, she's not bitter.) On her way to a career as a professional opera singer, she stopped in New York to visit a friend and went on a whim to

an audition. Through a combination of talent, hard work, and (she's quick to add) the grace of God, Kristin took Broadway by storm. But of course, into every storm, the occasional drizzle of disaster must fall. Filled with wit, wisdom, and backstage insight, *A Little Bit Wicked* is long on love and short on sleep; it's essential reading for Kristin's legions of fans and an uplifting story for anyone seeking motivation to follow his or her dreams -- over the rainbow and beyond.

Leading Ladies Marlee Matlin 2015-07-14 "It doesn't make sense to me...in the book, Dorothy is a girl who can hear and talk—and Toto is a little dog. So I'm sorry—but I just don't see a Dorothy who's deaf and talks with her hands and has a great big dog for Toto!" Megan's fourth grade class is putting on their own original musical based on the book *The Wizard of Oz*, and Megan wants to be the star of the show and play Dorothy. Since she's deaf, she will sign the songs for her audition. However, a problem develops when Lizzie, her best friend from camp, transfers from her all-deaf school to Megan's class - and signs the same two songs that Megan was going to do! Luckily, Megan has some other ideas up her sleeve... Academy Award-winning actress Marlee Matlin and Doug Cooney follow *Deaf Child Crossing* and *Nobody's Perfect* with this winning story that perfectly captures the humor, joys, and frustration of childhood friendships.

Mean Little deaf Queer Terry Galloway 2010-06-01 In 1959, the year Terry Galloway turned nine, the voices of everyone she loved began to disappear. No one yet knew that an experimental antibiotic given to her mother had wreaked havoc on her fetal nervous system, eventually causing her to go deaf. As a self-proclaimed "child freak," she acted out her fury with her boxy hearing aids and Coke-bottle glasses by faking her own drowning at a camp for crippled children. Ever since that first real-life performance, Galloway has used theater, whether onstage or off, to defy and transcend her reality. With disarming candor, she writes about her mental breakdowns, her queer identity, and living in a silent, quirky world populated by unforgettable characters. What could have been a bitter litany of complaint is instead an unexpectedly hilarious and affecting take on life.

Burnt Toast Teri Hatcher 2006-05-02 From America's most beloved comedic actress and the star of *Desperate Housewives* comes a personal, heartfelt, and often very funny manifesto on life, love, and the lessons we all need to learn -- and unlearn -- on the road to happiness. Teri Hatcher secured her place in America's heart when she stood up to accept her Golden Globe for Best Actress and declared herself a "has-been" on national television. That moment showcased her down-to-earth, self-deprecating style -- and her frank openness about the ups and downs she's experienced in life and work. But what the world might not have seen that night is that Teri's self-acceptance is the hard-won effort of a single mother with all the same struggles most women have to juggle -- life, love, bake sale cookies, and dying cats. Now, in the hope that her foibles and insights might inspire and motivate other women, Teri opens up about the little moments that have sustained her through good times and bad. From the everyday (like the

importance of letting your daughter spill her macaroni so she knows it's okay to make mistakes) to the rare (a rendezvous with a humpback whale -- and no, he was not a suitor), the message at the heart of *Burnt Toast* -- that happiness and success are choices that we owe it to ourselves to make -- is sure to resonate with women everywhere.

I'll Scream Later Marlee Matlin 2009-04-14 Critically acclaimed and award-winning actress Marlee Matlin reveals the illuminating, moving, and often surprising story of how she defied all expectations to become one of the most prolific and beloved actresses of our time. Marlee Matlin entered our lives as the deaf pupil turned custodian audiences fell in love with in *Children of a Lesser God*, a role for which she became the youngest woman ever to win a Best Actress Oscar. More than twenty years after her stunning big screen debut, the Golden Globe- and Emmy-nominated actress is an inspirational force of nature -- a mother, an activist, and a role model for millions of deaf and hard-of-hearing people around the world. In *I'll Scream Later*, Marlee takes readers on the frank and touching journey of her life, from the frightening loss of her hearing at eighteen months old to the highs and lows of Hollywood, her battles with addiction, and the unexpected challenges of being thrust into the spotlight as an emissary for the deaf community. She speaks candidly for the first time about the troubles of her youth, the passionate and tumultuous two-year relationship with Oscar winner William Hurt that dovetailed with a stint in rehab, and her subsequent romances with heartthrobs like Rob Lowe, Richard Dean Anderson, and David E. Kelley. Though she became famous at the age of twenty-one, Marlee struggled all her life to connect with people, fighting against anyone who tried to hold her back. Her own mother often hid behind their communication barrier, and Marlee turned to drugs before she even started high school. However, she found in acting -- with the encouragement of her mentor, Henry Winkler -- a discipline, a drive, and a talent for understanding the human condition that belied her age and her inability to hear. By the time Hollywood embraced her, she had almost no formal training, a fact that caused many other deaf actors to give her the cold shoulder, even as she was looked upon as a spokesperson for their community. She has played memorable roles on wildly popular television shows such as *Seinfeld*, *The West Wing*, and *The L Word*, danced a show-stopping cha-cha-cha on *Dancing with the Stars*, and now, with uncompromising honesty and humor, Marlee shares the story of her life -- an enduring tale that is an unforgettable lesson in following your dreams.

Three Minutes for a Dog Paul R. Alexander 2020-04-13 Contrary to popular belief Polio is not extinct. This is the true story of an indomitable spirit afflicted with unimaginable physical and psychological challenges. Paul Alexander's life is a saga that started in 1946 and has been profoundly shaped by the Polio epidemic of the early 1950's. Survivors of the 1950's Polio Epidemic in America are rare. Polio victims, like Paul Alexander, who require the assistance of an "Iron Lung" respirator for their life's breath are even rarer. Paul Alexander has crafted his life against all odds and has a courageous and compelling story to share with us all. Victims of Polio, their families, friends and communities are struggling to cope with this obscure but still dangerous infectious disease. This book is a testimony to the strength of the human spirit and an affirmation of the need to continue efforts to eradicate the pestilence of Polio from the planet.

Along the Way Martin Sheen 2012-05-10 Spanning nearly 50 years of family history, the book chronicles the remarkable lives of two creative talents, Martin Sheen and Emilio Estevez. It's a story of father and son set against the backdrop of Hollywood; this narrative is organized around their physical and spiritual journey along the Camino de Santiago, Spain, the thousand-year-old pilgrimage path which traverses Galicia. It is the area from which Sheen's father emigrated to the U.S. and to which Estevez's own son has returned. Along the Way will focus not just on the lives these men have chosen as artists, but also (and most importantly) on the one they have lived together. It is a story of family bonds and artistic advances and setbacks; of good choices and hard choices; of opportunities lost and opportunities found. Sheen and Estevez will share what they have experienced and learned from each other in their forty eight years as father and son, as fathers of sons, as actors and director, as spiritual seekers, and as concerned citizens of the world. Readers will meet them as real people rather than icons, as two men who have accumulated decades of wisdom and insight they are now ready to share.

Deaf Utopia Nyle DiMarco 2022-04-19 NEW YORK TIMES BESTSELLER A heartfelt and inspiring memoir and celebration of Deaf culture by Nyle DiMarco, actor, producer, two-time reality show winner, and cultural icon of the international Deaf community Before becoming the actor, producer, advocate, and model that people know today, Nyle DiMarco was half of a pair of Deaf twins born to a multi-generational Deaf family in Queens, New York. At the hospital one day after he was born, Nyle "failed" his first test—a hearing test—to the joy and excitement of his parents. In this engrossing memoir, Nyle shares stories, both heartbreaking and humorous, of what it means to navigate a world built for hearing people. From growing up in a rough-and-tumble childhood in Queens with his big and loving Italian-American family to where he is now, Nyle has always been driven to explore beyond the boundaries given him. A college math major and athlete at Gallaudet—the famed university for the Deaf in Washington, DC—Nyle was drawn as a young man to acting, and dove headfirst into the reality show competitions America's Next Top Model and Dancing with the Stars—ultimately winning both competitions. Deaf Utopia is more than a memoir, it is a cultural anthem—a proud and defiant song of Deaf culture and a love letter to American Sign Language, Nyle's primary language. Through his stories and those of his Deaf brothers, parents, and grandparents, Nyle opens many windows into the Deaf experience. Deaf Utopia is intimate, suspenseful, hilarious, eye-opening, and smart—both a memoir and a celebration of what makes Deaf culture unique and beautiful.

Bad Boy Walter Dean Myers 2009-10-06 A classic memoir that's gripping, funny, and ultimately unforgettable from the bestselling former National Ambassador of Books for Young People. A strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time.

Seeing Voices Oliver Sacks 2011-03-04 Like *The Man Who Mistook His Wife for a Hat*, this is a fascinating voyage into a strange and wonderful land, a provocative meditation on communication, biology, adaptation, and culture. In *Seeing Voices*, Oliver Sacks turns his attention to the subject of deafness, and the result is a deeply felt portrait of a minority struggling for recognition and respect — a minority with its own rich, sometimes astonishing, culture and unique visual language, an extraordinary mode of communication that tells us much about the basis of language in hearing people as well. *Seeing Voices* is, as Studs Terkel has written, "an exquisite, as well as revelatory, work."

From Rejection to Love Avril Hertneky 2021-02-12 What does it mean to be a Deaf woman growing up in today's society? Are there obstacles? Hardship? Struggles? Those are only some of the battles that I've had to endure growing up as a youngster, teenager, and young adult. Let me tell you, I'm from the city of Brampton in Ontario, Canada. My household was nothing but calm. My sense of safety was jeopardized at every turn. As I write these words, the physical, mental, and emotional pain still runs through the psyche of my being since I've taken my first breath of life. I believe I have a purpose in life; first and foremost a wife and mother of my children. I'm so thankful that my children do not endure what I had to go through in the past with my own mom and dad. I want to get my story out in this world; it is a certain and difficult truth and terribly biased due to my family's upbringing and culture. Sometimes digging up old skeletons out of the closet and exposing them are the only way to release the pain and let go. It is freeing, not only from within myself but all around me. Perhaps this book would be a welcoming balm for others who have gone through similar, horrible childhood as I have experienced. No one should have to go through what I went through. If you know of someone who is going through these types of experiences, ask them to have professional help and get the state involved for one's protection and those of children.

Send Yourself Roses Kathleen Turner 2008-02-14 From her film debut as the sultry schemer in *Body Heat* to her award-winning role as Martha in *Who's Afraid of Virginia Woolf?*, actress Kathleen Turner's unique blend of beauty, intelligence, and raw sexuality has driven her personal and professional life. Now, in this gutsy memoir, the screen icon tells us of the risks she's taken and the lessons she's learned—sometimes the hard way. For the first time, Turner shares her childhood challenges—a life lived in countries around the world until her father, a State Department official whom she so admired, died suddenly when she was a teenager. She talks about her twenty year marriage, and why she and her husband recently separated, her close relationship with her daughter, her commitment to service, and how activism in controversial causes has bolstered her beliefs. And Turner reveals the pain and heartbreak of her struggle with rheumatoid arthritis, and how, in spite of it, she made a daring decision: to take a break from the movies and relaunch her stage career. Along the way, Turner describes what it's like to work with legends like Jack Nicholson, Michael Douglas, William Hurt, Steve Martin, Francis Ford Coppola, John Huston, John Waters, Edward Albee...and, with characteristic irreverent humor, shares her behind-the-screen stories of dealing with all types of creative, intimidating, and inspiring characters. Kathleen Turner has always known that she would play the lead in the story of her life. It's impossible not to take her lessons on living, love, and leading roles to heart. And it won't be long until you'll be sending yourself roses!

The Deaf Heart Willy Conley 2015 "Chronicles a year in the life of Dempsey McCall, a deaf biomedical photography resident living in Galveston, Texas"--

Finding Zoe Brandi Rarus 2014-10-07 At just a few months old, Zoe was gradually losing her hearing. Her adoptive parents loved her—yet agonized—feeling they couldn't handle raising a Deaf child. Would Zoe go back into the welfare system and spend her childhood hoping to find parents willing to adopt her?

Or, would she be the long-sought answer to a mother's prayers? Brandi Rarus was just 6 when spinal meningitis took away her hearing. Because she spoke well and easily adjusted to lip reading, she was mainstreamed in school and socialized primarily in the hearing community. Brandi was a popular, happy teen, but being fully part of every conversation was an ongoing struggle. She felt caught between two worlds—the Deaf and the hearing. In college, Brandi embraced Deaf Culture along with the joys of complete and effortless communication with her peers. Brandi went on to become Miss Deaf America in 1988 and served as a spokesperson for her community. It was during her tenure as Miss Deaf America that Brandi met Tim, a leader of the Gallaudet Uprising in support of selecting the university's first Deaf president. The two went on to marry and had three hearing boys—the first non-deaf children born in Tim's family in 125 years. Brandi was incredibly grateful to have her three wonderful sons, but couldn't shake the feeling something was missing. She didn't know that Zoe, a six-month-old Deaf baby girl caught in the foster care system, was desperately in need of a family unafraid of her different needs. Brandi found the answer to her prayers when fate brought her new adopted daughter into her life. Set against the backdrop of Deaf America, *Finding Zoe* is an uplifting story of hope, adoption, and everyday miracles.

Unspeaking Susan Burch 2007-11-19 Junius Wilson (1908-2001) spent seventy-six years at a state mental hospital in Goldsboro, North Carolina, including six in the criminal ward. He had never been declared insane by a medical professional or found guilty of any criminal charge. But he was deaf and black in the Jim Crow South. *Unspeaking* is the story of his life. Using legal records, institutional files, and extensive oral history interviews--some conducted in sign language--Susan Burch and Hannah Joyner piece together the story of a deaf man accused in 1925 of attempted rape, found insane at a lunacy hearing, committed to the criminal ward of the State Hospital for the Colored Insane, castrated, forced to labor for the institution, and held at the hospital for more than seven decades. Junius Wilson's life was shaped by some of the major developments of twentieth-century America: Jim Crow segregation, the civil rights movement, deinstitutionalization, the rise of professional social work, and the emergence of the deaf and disability rights movements. In addition to offering a bottom-up history of life in a segregated mental institution, Burch and Joyner's work also enriches the traditional interpretation of Jim Crow by highlighting the complicated intersections of race and disability as well as of community and language. This moving study expands the boundaries of what biography can and should be. There is much to learn and remember about Junius Wilson--and the countless others who have lived unspeakable histories.

What followed was not only an incredible personal transformation but also one of the most radical comebacks in film history. How would he communicate? Would he learn to read and write? An acclaimed science journalist as well as a mother, Denworth made it her mission to find out, interviewing experts on language development, inventors of groundbreaking technology, Deaf leaders, and neuroscientists at the frontiers of brain plasticity research. *I Can Hear You Whisper* chronicles Denworth's search for answers—and her new understanding of Deaf

culture and the exquisite relationship between sound, language, and learning.

Made to Hear Laura Mauldin 2016-02-29 A mother whose child has had a cochlear implant tells Laura Mauldin why enrollment in the sign language program at her daughter's school is plummeting: "The majority of parents want their kids to talk." Some parents, however, feel very differently, because "curing" deafness with cochlear implants is uncertain, difficult, and freighted with judgment about what is normal, acceptable, and right. Made to Hear sensitively and thoroughly considers the structure and culture of the systems we have built to make deaf children hear. Based on accounts of and interviews with families who adopt the cochlear implant for their deaf children, this book describes the experiences of mothers as they navigate the health care system, their interactions with the professionals who work with them, and the influence of neuroscience on the process. Though Mauldin explains the politics surrounding the issue, her focus is not on the controversy of whether to have a cochlear implant but on the long-term, multiyear undertaking of implantation. Her study provides a nuanced view of a social context in which science, technology, and medicine are trusted to vanquish disability—and in which mothers are expected to use these tools. Made to Hear reveals that implantation has the central goal of controlling the development of

the deaf child's brain by boosting synapses for spoken language and inhibiting those for sign language, placing the politics of neuroscience front and center. Examining the consequences of cochlear implant technology for professionals and parents of deaf children, *Made to Hear* shows how certain neuroscientific claims about neuroplasticity, deafness, and language are deployed to encourage compliance with medical technology.

The Meaning of Matthew Judy Shepard 2009-09-03 "The Meaning of Matthew is Judy Shepard's passionate and courageous attempt to understand what no mother should have to understand, which is why her son was murdered in Laramie, Wyoming, in the fall of 1998. It is a vivid testimony to a life cut short, and testimony too, to the bravery and compassion of Judy and Dennis—Matthew's parents—as they struggle to survive a grief that won't go away."—Larry McMurty, author of *Terms of Endearment* and *Lonesome Dove* Today the name Matthew Shepard is synonymous with gay rights, but until 1998, he was just Judy Shepard's son. In this remarkably candid memoir, Judy Shepard shares the story behind the headlines. Interweaving memories of Matthew and her family with the challenges of confronting her son's death, Judy describes how she handled the crippling loss of her child in the public eye, the vigils and protests held by strangers in her son's name, and ultimately how she and her husband gained the courage to help prosecutors convict her son's murderers. *The Meaning of Matthew* is more than a retelling of horrific injustice that brought the reality of inequality and homophobia into the American consciousness. It is an unforgettable and inspiring account of how one ordinary woman turned an unthinkable tragedy into a vital message for the world.
